---

In accordance with Govt Procs no 12763-76/1421 dated 3rd February 1902 Special allowances granted to medical officers doing plague duty were discontinued with effect from the 1st February 1902.

With reference to the above order the President, Bangalore city municipality in the letter cited above states that the allowance of Rs 20/ h.m.at-present granted to each of the Registrars as per Govt Procs no.

Respected Sir

In Submitting herewith my letter
No 108 dt 3rd April 1902 with the Presidents
Endorsement & Copy of my D.O letter to the
Health officer with the Presidents memo.
I most humbly beg to bring to your kind
notice that my allowances as Registrar
of Births & Deaths has been withheld from
1st Feb 1902 by the Asst Pres dency without
assigning any reasons and the accompany-
ing letter in which I have put forth my
grievances

Specimens have not forwarded to you nor the
contents of it were brought to your generous
& kind notice but it was simply returned to me
by the President stating that I should await
the orders of Govt. I now come to understand
that the President has already recommended to Govt
to discontinue this Dispensary allowance.

Nothing about the Registration allowance.

I therefore respectfully beg to state that
a recommendation on behalf of the Dispensary
without any reference to the Registration
allowance by the President was unnecessary
before Govt could issue any orders on the
subject. I crave your indulgence to point out
as shown in the accompanying Abstract that the
withholding of the Registration allowance has been
detrimental

As shown in my D.O. letter to the Hon'ble
office dt/18th March 1902 your proceedings no 12763-76
dt/13th Dec 1902 do not affect Registration allowance, which
is one of the Fixed Funds but has reference
to Plague allowance paid by the Govt out of the
Provincial Funds to the Medical officers
Throughout the Province.

The Rs 60 Ration allowance was sanctioned by the Govt in the year 1900 when the Magistrate Establishment in the City was reorganised as per Govt Proceedings No. 1291-3 dt/ 19th April 1900 but the allowance were sanctioned Govt Proceedings No 28403 Revt 721-40 dt/ 3rd August 1898, I & I therefore beg to submit that the one has no connection with the other I therefore humbly implore that your honour in justice to our claims be so kind as to recommend to Govt to Continue the said allowance for discharging the duties of Registrar of Births & Deaths for which act of benevolence I shall feel highly grateful

I beg to remain respected

With best Compts

The duties all les the Registrars very im-
portant & responsible & the position is
a very delicate one as much tact skill
is necessary in dealing with the people

An account of these duties people do not
call us & numerous times to take with in
private practice

Our time is fully occupied daily & we have
to go in the Wn 3 or 4 times a day & it is
hard to do so walking & for this I am oblige
to maintain a Carriage as the extent of my
Wn about 650 acres

Before organizing this Registration office
which is worked on a very small scale
there were four ward Clerk Officers & four Inspr
officers with a salary of Rs 150 + 50 each
The allowance of Rs 20 given to the Registrar
for registration & Blank Returns is simply
nominal as utterly inadequate for the
duties performed by me

Under these circumstances to withhold even
this is unjust & detestable I therefore most
humbly beg that you will kindly take early
steps & also mention in your office diary
these my humble grievances so that the
higher authorities may kindly take note

of it & render me ever yours obliged.

Besides as you are aware living very dear in Bangalore my pay is small & I am a man of long service with a large family & without any prospect to promot in the Department for me to cover the allowance means driving passively with this humble petition.

Sir,

With reference to your docket No. 18966 / L B.(P) 1863 dated the 7th June 1902 and subsequent references on the Question of granting allowances to the Hospital Assistants as Registrars of Births and Deaths and the continuance or otherwise of the existing Dispensaries in the City I have the honor to state that on the

recommendation of the Senior Surgeon and the approval of the Board three out of the five Dispensaries were ordered to be abolished in Government Proceedings No. 13109-14 / L.7.11-02 dated the 26th February 1903 and the provision therefor has accordingly been omitted in the sanctioned budget for the current year. As the question has thus been already settled by Government finally, the subject does not seem to call for any fresh opinion from the Board.

2. As regards the question of Registrars

Government in para 7 of the Proceedings
quoted above were pleased to sanction
the continuance of 6 Registrars of Births

Sir,

With reference to the matter dealt with in correspon-dence ending with your No. L.S.P 69 of 18th July 03, I have the honor to forward a letter received from the President of Bangalore Municipal Commission No.578 of 27th August 1903.The points in this letter are:-

1. The Board wants 2 more Registrars of the Hospital Assistant grade.

2. That the Hospital Assistant of the new Basavangudi dispensary be appointed Registrar to that Division.

3. The President is of opinion that the two new Regis-trars should each have a small dispensary.

4. That the whole of this proposed establishment be paid for from Plague funds.

5. That the Registrars get allowance of Rs.10 as Cycle money or the old allowance of Rs.20

It will be noted that these proposals very closely coincide with mine as set forth in my No.776 of 14-8-03 to the President

President.

3. But I would go further and say that the 2 new Registrars should have each an ordinary dispensary with the usual staff.

4. These proposals bring us back to what obtained before the recently effected reduction, and I strongly recommend that they be carried into effect before and not after Plague has had a free hand amongst the poor.

I have the honor to be,

Sir,

No. 578

City Bangalore, August 27 1903

FROM

THE PRESIDENT,
Municipal Commission,
Bangalore City.

TO

The Senior Surgeon & Sanitary Commissioner with the Government of Mysore
Bangalore

SIR,

With reference to your letter no 776 dated the 14th Instant I have the honor to state that at the last meeting of the Board held on the 30th ultimo, it was decided that at least two more Registrars of the Hospital Assistants' Grade were necessary and sanction of Government has accordingly been asked for for their appointment in this office letter

Dgno 1220 dated 10-9-03 requesting that the services of two Registrars may be lent to this office
Jan 15/9/03

No: 38 dated the 12th Instant No 76
that a Dispensary has been opened
in the Basavannapur Extension
the Hospital Assistant in charge
of it may as well be the Registrar
of that Division. IV, V and VI
Divisions will thus be without
Registrars. Recommendation may
therefore be made for the employment
of two hands more than the existing
This will make up the original number

As plague is again threatening to
assume an epidemic form and as
these Hospital Assistants cannot
render any medical aid to the
suffering public, unless they are

equipped with necessary drugs. I am

of opinion that they may also be

provided with a small dispensary

each on condition that the cost

is borne by the Plague Department

and not debited to the Municipality

in its present state of finance.

I have always been of opinion that

for duties done by these Registrars

in connection with Plague they

should be given an allowance. The

work required of them in connection

with Plague necessitates their going

about in their Divisions very frequently

and as, in addition to the increased

work

work and loss of private practice involved. They are required to move about considerably. I think a Cycle allowance of Rs 10/- each may be given to them if not the original plague allowance of Rs 20/- This allowance being given to them purely on account of Plague Work it ought to be borne under that head and not charged to the Municipality.

I have the honor to be

Sir,

Your most obedient Servant

It is hoped that the Plague will disappear & I do not think need arise - an official recommendation from Col Smyth in the subject. Rather than commit myself officially, I would, if the Dewan thinks likely agree, take action at once and pass order on this D.O. The matter is urgent and Col Smyth's opinion has been formed after careful consideration
